## Introduction

The intent of this booklet is to assist the Bidder with user friendly examples of how to prepare the Good Faith Effort (GFE) documentation under the guidelines in the Construction Outreach Program.

Points are awarded for Indicator 2-10 when required documentation is submitted. Points are awarded for each Indicator on an “all or nothing” basis. Points are not awarded for bid documentation deemed to be partially complete.

There are 10 Indicators for the GFE documentation. Indicators 2 through 10 award points when the required documentation is submitted. Failure to include the GFE documentation and failure to achieve a minimum of **75** out of 100 points may render the bid non-responsive and could result in its rejection.

### Points For Each Indicator:

INDICATOR	1	2	3	4	5	6	7	8	9	10	TOTAL
POINTS	0	10	13	9	10	10	5	10	26	7	100

Each indicator has a different point value from 5 to 26 and several Indicators are given credit in two or more areas. For example, acceptable documentation submitted for:

- Indicator 4 credit also satisfies Indicators 3, 4, 7, and 10, and
- Indicator 5 credit also satisfies Indicators 3, 5, 7, and 10.

Indicator 9 is worth 26 points and is essential. Without sufficient documentation for Indicator 9 (including **ALL** quotes and a summary sheet) you will not be able to achieve **75** points. Remember, for each Indicator it's all or nothing, no partial points are given for any of the Indicators.

There are specific time deadlines you must meet for several indicators in the examples:

Indicator	Description	Time Frame Prior to Pre-bid Meeting	Time Frame Prior to Bid Due Date
• Indicator 2	Pre-Bid Meeting	Letter to Department	
• Indicator 4	Advertisement		10 days
• Indicator 5	Written Notices to subcontractors (including suppliers, manufacturers, and truckers)		10 days
• Indicator 8	Letter to Recruitment/Placement Agencies		15 days

The Outreach Program also requires meeting the Mandatory Subcontracting Minimum (MSM) established for each project. To meet the MSM requires the bidder to list subcontractors, suppliers, manufacturers, and truckers in the bid proposal.

For MBE/WBE businesses that are listed in the proposal, the bidder must submit a completed Letter of Intent form. The form documents the item(s) of work to be performed and dollar amount for each MBE/WBE subcontractor, supplier, manufacturer, or trucker. The form must be signed by the MBE/WBE subcontractor, supplier, manufacturer, or trucker and submitted to the Bidder.

Bidders must submit completed GFE documentation and the Letter of Intent form(s) to the:

1. Public Works Department and Flood Control District:
  - No later than two (2) working days following bid opening
2. General Services Department, County Administrator's Office, and Fire Districts:
  - No later than three (3) working days following bid opening

<b>1</b>	<b>Outreach and Mandatory Subcontracting Minimum Participation</b>	<b>No Points</b>
----------	--	------------------

**Purpose:** The County is committed to ensuring full and equitable participation from all businesses in County funded construction projects. The Bidder (Prime Construction Contractor) must document its Good Faith Effort to obtain sub-bids from Minority Business Enterprises (MBEs), Women Business Enterprises (WBEs), Other Business Enterprises (OBEs), Small Business Enterprises (SBEs), Local Business Enterprises (LBEs), and Disabled Veteran Business Enterprises (DVBES). When the Bidder documents its GFE, the outreach effort is expected to produce a reasonable level of participation by all businesses.

#### **Mandatory Subcontracting Minimum (MSM)**

The County also has a Mandatory Subcontracting Minimum (MSM) requirement for each project. Award is based both on the Bidder's outreach efforts in order to achieve the 75 minimum points **and** the project-specific MSM percentage. To be awarded a project, the Bidder must subcontract a percentage of the project to subcontractors, suppliers, manufacturers, and/or truckers in order to achieve the required MSM percentage. Failure to **list** the dollar amount(s) of subcontracted (including suppliers, manufacturers, and truckers) work with the bid in the **proposal** (List of Subcontractors, Suppliers, Manufacturers, and Truckers Form) may cause the bid to be rejected.

**Level of Anticipated Participation  
and  
Mandatory Subcontracting Minimum  
Listed In Proposal**

Example

All Good Faith Effort documentation must be submitted with the bid or within two (2) working days following the bid opening for the Flood Control District/Public Works Department or within three (3) working days following the bid opening for the General Services Department.

Failure to submit the required good faith effort documentation within the required time period may render the bid non-responsive.

The Bidder is required to subcontract the following minimum percentage of its bid:

Mandatory Subcontracting Minimum (MSM) Requirement	25%
--	-----

*The percentage varies from project to project.*

NOTE: For Outreach Program information and/or assistance please contact the County's Design/Construction Division Affirmative Action Liaison at (925) 313-2000.

Prebid Meeting: October 12, 2003

Dear Mr. Clark:

ABC Construction Company is submitting the attached attendance sheet for already attending a pre-bid meeting within the last 12 months and chose not to attend this pre-bid meeting.

We understand that this correspondence will satisfy Indicator #2 of the GFE Outreach Program requirements.

Please contact us if you have any questions or require additional information.

Respectfully,

John Smith  
Office Manager
